COMPANY PROFILE

Incepted in the year 1997, Elvis stands for its innovation and design keeping up with the trend of today's customer and their lifestyle. This takes an instinctive thinking to create and evolve in this new era of global competition. Since our inception we have dedicated ourselves into creating smarter and functional products. With this philosophy, we are able to produce conventional as well as contemporary designs that best defines the present need of the customers. Elvis combines style and substance. We deliver products which are value for money with utmost care for superior finish and quality.

Our state-of-the-art integrated production facilities at Kundli, Sonipat are well supported by a professional designing team and highly experience management team. The design studio of Elvis is equipped with multi-dimensional designing hardware and software which enables us to create some of the finest contours and curves. The quality assurance concept at Elvis is based on various inputs received from the team and its trade partners who represent our large customer base.

Following the most stringent specifications and use of the manufacturing process, we ensure a very high-quality product. The testing starts from the raw material from the source point to the finished products and each batch undergoes a series of stringent quality checks before it is packed for the customers. The quality checks, incorporates routine testing based on methods and quality norms, as per Indian and international standards. Needless to mention, Company provides a prompt after sales service and is on a continuous evolution process with respect to service. Our rich experience of more than two decades make the brand equipped to surpass the expectations of customer's need.

We pride ourselves on being a customer-oriented company with an emphasis on quality control and innovation. For this, we have been recently awarded with TUV Nord Certification complying to ISO 9001:2015 standards. We have come a long way up in these two decades, only because of the trust the customers and trade has shown on our products.

Elvis' vision is to become one of the most valued brands in India that is customer centric.
